### **Powering Forward**

In August this year specialist power tool company CH Power Tools moved to their brand new purpose built premises at the Hutton Business Park in Carcroft, Doncaster.

CH Power Tools have been specialising in the repair and maintenance, risk assessment reports and the sale of power and pneumatic air tools for the manufacturing and contractors trades for over 13 years.

Previously located at Bentley, the move has enabled CH Power tools to expand the company with a Trade Counter area selling a wide selection of tools and ancillary products from major manufacturers along with safety and work wear. Making CH Power Tools a one stop shop for all your tool requirements.

Clive Hutton, Director of CH Power Tools said "we are delighted to be in our new premises and are really excited about our new trade counter."

The new 10,215sqft site now houses the administration, engineering workshop where the repair, maintenance and risk assessment testing is carried out, warehouse stocking thousands of parts for a wide selection of tools and models and the new trade counter.

The trade counter is open Monday - Friday 8.30am - 5pm and Saturday 8.30am - 12noon. For more information contact CH Power Tools on 01302 332211 or visit [www.chpt.co.uk](http://www.chpt.co.uk).
